3. SITE VISIT: 7262 SCHNEIDER RD., MIDDLETON

The vast majority of the equipment parked on site is farm related; the remaining pieces will be removed. Caretakers will improve lawn care on the site, mowing and weed eating around equipment. Traffic conditions continue to be an issue in the area, with the number of cut through commuters, disregard for the speed limit in the area and truck traffic in and out of the dairy. The board noted they will look to repair or replace the electronic speed reporting that stopped working. Dairy operators will improve operating conditions and adopt best practices to minimize mud deposits on the road. A recent citation by the county for grading on a hill was discussed, with dairy personnel explaining was the result of a common farming practice, which wasn't worth clarifying with the county, so the fine was paid and changes made.

4. ADJOURN

**Motion by Sup. Laufenberg, seconded by Sup. Dresen to adjourn the meeting at 6:15 p.m. Motion carried, 4-0.**
